Tashkent, UZBEKISTAN

Shining Star of Central Asia: UZBEKISTAN

The economy of Uzbekistan, driven by the population of 33 million people, tourism, construction and mining, has entered the radar of our country with its increasing value, sustainable investments and zero problem strategy with the new head of state.

The unfavorable picture, which has been going on since 2003, has been marked especially by the visit of the President, Mr. Recep Tayyip Erdoğan, and has started an intense work trajectory between the two countries.

Especially intense strides carried out in the mining sector, which stimulate demand on intensive technology, machinery and equipment deficit in the country, in this area, Turkey has entered the path to becoming one of the most important partners.

The rapid growth of the construction sector in the country, the 2nd settlement in the industry and the mega paroxysms such as Tashkent City managed to turn the country into a construction site.

UZBEKBUILD, Building Construction Exhibition

In Uzbekistan's capital Tashkent, ÖzbekBuild, which is located in the exhibition center within the DIMAX Trade Center, which is the most important building materials market of the country, stands out with its presence in the market of more than 200 local sales companies.

OzbekBuild, which will host construction and construction machinery, equipment and technologies as well as construction materials from construction materials and decoration sector, opens its doors to visitors between 3-5 April 2019 and offers its participants unique opportunities of Uzbekistan market.

The visit of President Recep Tayyip Erdoğan to Uzbekistan has stimulated relations between the two countries.

Tashkent City project has managed to become one of the most important construction projects not only in Uzbekistan but also in Central Asia.

The cities of Bukhara and Samarkand, the symbol of ancient civilization dating back centuries, reveal the increasing number of tourists every year, the shortage of tourist facilities in the country and new demands in this regard.

Turkey Representative	Bosphorus Expo- Boğaziçi İhtisas Fuarçılık Ltd.Şti.
Main Organizer	Point Expo
Subject of the Exhibition	International Building Construction Exhibition
Exhibition Capacity:	2000 m2
The number of participants	64
The number of visitors	3500

Products to Display

Building Construction Materials and Machinery

- * Construction Machinery
- * Construction Tool and Equipment
- * Iron and Steel Products
- * Metal Processing Machinery
- * Municipal and City Machinery
- * Marble, Natural stone and Machinery
- * Ceramic and Equipment
- * Pipes and Plumbing
- * Light Machinery, Work Machinery
- * Excavation Equipment and Equipment
- * Hardware and connection Elements
- * Purification Systems
- * Heat, Water, Sound and Fire Isolation
- * Heating, Cooling, Ventilating, Air conditioning
- * Asphalt Machinery
- * Door, Window, Blinds, Store and Glass Systems
- * Suspended Ceiling and Roof Systems
- * Floor and Wall Covering
- * Pool and Pool Equipment
- * Roof and Facade Cladding
- * Paint Varnish Construction Chemicals Adhesives
- * Scaffolding Form-work and Equipment
- * Prefabricated Building and Equipment

Electricity, Lightning Air-Conditioning

- * Cables and Electric Installations
- * Indoor Outdoor Lightning
- * Electrical Devices
- * Electric Circuitry
- * Regulator, Ups, Transformer
- * Generator, Power Equipment
- * Security, Alarm and Satellite Antenna
- * Solar Energy Systems
- * Transformer, Switch-gear
- * Panel
- * Advertising Banners and Armature

Fair Participation Fee

Package Participation Fee	385 € / m ²
Application Advance	30%
Min. Area	9 m ²
Service Fee	300 € (VAT incl.)

Services Included in Fair Participation Fee

- ★ 1 m³ of Free Transportation for each 10 m²
- ★ 1 Table 2 Chairs 3 Spots for each 12 m²
- ★ Company Profile in Expo Catalog
- ★ Pediment Letter, Carpet, Waste Basket
- ★ Additional transportation cost **300 dollars** per m³

Participating Countries

Turkey, Iran, Ukraine, Uzbekistan, United Arab Emirates
